What if we could increase our joy in serving together and supporting one another? What if the strengths and successes in your church could help another church? What if our interconnectedness was so strong, the unity was visible to others? What if each of our churches added value to one another by leveraging our unique resources, leadership strengths and creative approaches to see gospel transformation in each of our communities?

Belonging to Fellowship Pacific means you're already a part of such a movement and vision for the future. Through peer to peer and church to church connection, we are inviting you to be a part of creating a network effect that accelerates innovative relationships and resources for the purpose of fulfilling our gospel mandate.

This network effect was already happening when:

- Island and interior pastors regularly met together for encouragement
- Children's directors in Tsawwassen, Ladner, and Richmond met for lunch to share resources and strategies
- Churches in Chetwynd, Rolla, and Tumbler Ridge gathered together for board training
- Camp Qwanoes and Sunnybrae camps poured into leaders that serve in our churches
- A pastor in Langley took time for a phone call with a pastor in Chase
- Pastors from Salmon Arm and Victoria invested time in a consultation in Campbell River
- Pastors from Ladysmith and Fernie shared their turn-around stories with a church in Surrey

We hope these opportunities to add and receive value from one another continue or begin to be a part of your story as a leader and a church!

Here are some upcoming opportunities for you to be part of this network effect:

- Small, medium, and large church leader retreats
- Regional gatherings for connection
- In-person and online gatherings around shared interests like First Nations, Church Planting, and Global churches
- The phone call you make or take
- The coffee you initiate or attend

Let's add value, seek connection, and respond to opportunities to connect. Let's be open-handed, non-territorial, and relational. Let's invest time and money into serving together and supporting one another. Let's draw together for our shared purpose to leverage our collective strength to have a God-honoring impact.

Because we long to see God's grace reach more and more people and cause thanksgiving to overflow for the glory of God. (2 Corinthians 4:15)

DUNBAR HEIGHTS

After spending a year and a half sending online services out into the internet void and wondering who (if anyone) they would reach, Dunbar Heights Baptist has been so humbled and encouraged now to see new faces showing up week after week with the simple testimony, "We were following your services online and are excited to join you in person now."

The pandemic was a limitation for all of us, but not for the work of the Spirit!
